

---

# Hi, I'm Mike Fischer.

I'm a 31 year old project manager, engineer, designer and musician from Chicago, currently residing in Bern, Switzerland.

## Get in touch

---

hello@madebymike.ch  
078 841 27 94

## My Experience

---

**NEEO AG**  
Product Owner /  
Fullstack Developer

2018–

**REEA Group AG**  
CTO

2017

**Omneye**  
Partner / Lead  
Interaction  
Developer

2016

**iBrows**  
Javascript  
Developer

2016

## Work I'm proud of

---

**NEEO PRO**  
I led a team of engineers to build a version of **NEEO** to target a much more lucrative market.

2018–

**Hololens Financial Planner**  
A financial planner made with the Microsoft Hololens. I designed and built the graphing function, the bridge between the graph and the Hololens, as well as the various input interfaces for the experience.

2017

## My Education

---

**University of Illinois at Chicago**  
Bachelors with honors  
Graphic Design

2011

**Hochschule Luzern für Grafik und Kunst**  
Study abroad  
program

2010

**College of DuPage**  
Associates' Degree

2006

## Clients I've worked with

---

UBS  
uFirstGroup  
Railtour  
Airatel  
BioSuisse

## Technologies I like

---

Node.js  
Angular.js  
Wordpress  
Linode  
Photoshop  
Illustrator

## Languages I speak

---

English  
Schwiizerdüütsch  
Hochdeutsch  
Español

**Lindt Game of Chance**  
A single-button promotional game for a 3-day exhibition at the Zürich Main Train Station, made in collaboration with **Intensiv gmbh**.

2018

It was built with a Raspberry Pi, a bit of code, a large red button, and a 3d printed box. It drew an unending crowd of players, and occasionally, randomly, winners.

**Airatel**  
The Angular frontend of a VoIP telephony app. Working with some folks at **iBrows** in Zürich, I worked on deep bug fixing, and late-stage changes.

2016
